Race by County	6

TABLE E:	
Age by County	8

Introduction

SECTION 528 OF THE JUDICIARY LAW, ADOPTED ON JUNE 15, 2010, directs the “commissioner of jurors to collect demographic data for jurors who present for jury service.” The statute directs collection of data describing: race and/or ethnicity, age and sex. The statute further directs submission of the data in an annual report to the Governor, Speaker of the Assembly, President of the Senate and the Chief Judge of the Court of Appeals. This report is for the calendar year 2014.

DATA COLLECTION PROCEDURES

Each person who appears for jury service is asked to complete a scannable data collection card. The card explains that New York State Judiciary Law §528 requires the court to collect data about jurors. The juror is asked to:

- **FILL IN** the date
- **INDICATE** whether she or he was “here to serve as a trial juror or a grand juror”
- **INDICATE** gender
- **ANSWER QUESTIONS** about race, Hispanic origin, and year of birth, and
- **INDICATE** county of jury service.

Questions about Hispanic origin and race are the same ones used in the 2010 census. The collected cards are scanned in multiple locations around the state; data read by the scanners is sent to a central computer drive at the Office of Court Administration for compilation and analysis.

OVERVIEW

In the calendar year 2014, there were 385,034 cards completed and successfully scanned and 472,090 jurors appeared for service. The following pages contain tables showing the numbers of jurors served and cards completed in each county in 2014 followed by tables showing the percentage of responses for each demographic characteristic.

TABLE A:
Jurors Served and Cards Completed by County
2014

County	Jurors Served	Completed Cards	County	Jurors Served	Completed Cards
Albany	7,033	6,562	Niagara	2,153	1,849
Allegany	313	232	Oneida	2,565	2,563
Bronx	41,402	38,276	Onondaga	7,824	8,519
Broome	3,735	3,388	Ontario	2,302	2,035
