I. Background Information and Instructions

The New York State Unified Court System (UCS) Office of Court Administration's Division of Professional and Court Services is soliciting proposals for the purpose of establishing a contract to provide evaluation services for the Tompkins County Family Drug Treatment Court.

UCS operates problem-solving courts, among them drug courts, which help judges and court staff respond to the needs of litigants and the community. Problem-solving courts look to the underlying issues that bring people into the court system, employ innovative approaches to address those issues, and seek to simplify the court process for litigants. A drug court involves an intervention by the court in cooperation with a team of specialists in social services, treatment, and criminal justice professionals in the local community. In return for a promise of a reduced sentence, appropriate non-violent addicted offenders are given the option of entering voluntarily into court-supervised treatment. The rules and conditions of participation are clearly stated in a contract entered into by the defendant, the defense attorney, the district attorney, and the court.

UCS is the recipient of a grant awarded by the U.S. Department of Health and Human Services Substance Abuse and Mental Health Services Administration (SAMHSA), Center for Substance Abuse Treatment (CSAT) for the purpose of funding the Tompkins County Family Drug Treatment Court (TCFDTC). The TCFDTC will enhance its existing Family Drug Treatment Court and implement a series of trauma informed practices to improve the experience of families from their first contact with child welfare authorities until their successful completion of the program and beyond through the provision of true wrap around services.

UCS seeks proposals for evaluation services. The selected evaluation entity will have capacity to:

- design a process and outcome evaluation in collaboration with the TCFDTC; and
- create a database for continuous quality assurance improvement for the patient intake process, integration of substance abuse counseling, service delivery, program completion rates and effectiveness in reducing recidivism; and
- ensure all necessary quantitative and qualitative data is collected; and
- assist the court in collecting and compiling data pursuant to the Government Performance and Results Act (GPRA); and
- prepare quarterly reports that include analyses of outcome and process findings to the project's Workgroup; and
- provide feedback to the Court on an ongoing basis to promote continuous quality improvement and make recommendations for data informed policy changes; and
- produce an interim and a final program evaluation report.

Applicant Eligibility and Minimum Qualifications

A. Applicant Eligibility and Minimum Qualifications

Award will be made to qualified individuals or organizations with the capacity to conduct the services described herein.

B. Funding

The maximum available funding for evaluation services is \$100,000 over the five year project term September 30, 2017 – September 29, 2022. Proposals totaling more than \$100,000 will not be considered.

C. Award Selection Criteria and Method of Award

Proposals will be reviewed and rated by a team comprised of staff from the local Court team and/or the Office of Court Administration’s Division of Professional and Court Services. A contract award will be made to the proposer that receives the highest composite (technical + cost) score that exceeds the minimum technical score.

In the event of a tied composite score, the proposer with the higher cost score will prevail.

Responsibility is determined in accordance with the criteria articulated in paragraph (G) below.

Proposals will be evaluated on the following criteria:

Technical Criteria (70 of 100 total points, 70%)

Capacity 35 points

Proposed service delivery 35 points

Total Technical Points: 70 points

Cost Criteria (30 of 100 total points, 30%)

Cost will be evaluated with the following formula:

Total cost in lowest total cost proposal / Proposer’s total proposed cost *30 = Total proposed cost score

(See Exhibit 3, Rating Tool for a detailed breakdown of the factors comprising each criterion)

A minimum technical score (average of all proposal raters) of 35 is required for a contract to be awarded.

D. Contract

The successful proposer will enter into a contract with UCS. The contract will be for a multi-year term September 30, 2017 – September 30, 2022. UCS reserves the right to extend this agreement for an additional twelve (12) months at the end of the term at no additional cost.

E. Reporting Requirements

The due dates, format and specific information to be contained in reports required will be determined by UCS.

F. Insurance Requirements

Grant recipients will be required to maintain during the term of the contract: (i) workers' compensation and disability benefits insurance; (ii) commercial general liability insurance; and (iii) professional liability insurance. See Exhibit 1 for specific coverage requirements and documentation that must be submitted with application.

G. Vendor Responsibility

UCS is required to conduct a review of every organization with which it enters into a contract in order to provide reasonable assurances that the organization is responsible. Vendor responsibility is determined by a review of each prospective contractor's legal authority to do business in New York State, business integrity, financial and organizational resources, and performance history. See Exhibit 2 for detailed instructions on completion of the Vendor Responsibility Questionnaire.

VENDOR RESPONSIBILITY REQUIREMENTS

The New York State Unified Court System (UCS) is required to conduct a review of a prospective contractor to provide reasonable assurances that the vendor is responsible. The Vendor Responsibility Questionnaire, a required component of all UCS solicitations, is designed to provide information to assist the UCS in assessing a vendor’s responsibility prior to entering into a contract with the vendor. Vendor responsibility is determined by a review of each prospective contractor’s legal authority to do business in NYS, business integrity, financial and organizational resources, and performance history (including references).

UCS recommends that vendors file the required Vendor Responsibility Questionnaire online via the New York State VendRep system maintained by the Office of the State Comptroller.

If you are already enrolled, go directly to the VendRep System online at: <https://portal.osc.state.ny.us>. To enroll, see the VendRep System Instructions available at: http://www.osc.state.ny.us/vendrep/vendor_index.htm. Vendors must provide their NYS Vendor Identification Number when enrolling.

Alternatively, vendors may choose to complete and submit a paper questionnaire. Vendors opting to complete and submit a paper questionnaire can obtain the appropriate form from the VendRep website: http://www.osc.state.ny.us/vendrep/forms_vendor.htm.

To request assignment of a Vendor Identification Number or for VendRep System assistance, contact the Office of the State Comptroller’s Help Desk at 866-370-4672 or 518-408-4672 or by email at ciohelpdesk@osc.state.ny.us.
